## RUTLAND TOWN SCHOOL DISTRICT REPORT OF THE SCHOOL DIRECTORS AND SUPERINTENDENT

Early in the year your Directors and Superintendent thoroughly inspected all of the school buildings and the findings made it necessary for us to make the following improvements:

### Dyer School

For some years we have had difficulty in preventing water flowing into the basement and into the well from which drinking water is provided for the children. Upon proper advice we reinforced the foundations and made them waterproof; raised the collar of the well, installed a new water pump and enclosed the improvements by the use of studding and wire.

New fluorescent lighting fixtures were provided for both rooms. Twelve new desks were installed. The school was thoroughly cleaned; the floors treated, and some painting was done during the summer vacation.

During the year we have had many forced entries into the school which necessitated replacing sash and glass on several occasions. It is hoped that the culprits will be apprehended.

### Haiti School

In the last Town Report we mentioned the necessity of arranging for a new source of water supply for this school. We discussed our problem with Ira H. Hawley, the new owner of the property from which we had secured water in the past and he was good enough to agree to continue to supply water through this past year, thus making it unnecessary during this year to drill a well on the school property. It is hoped that Mr. Hawley will find it possible to continue supplying water from his springs so as to make it unnecessary for the Town to drill a well on the school property during the coming year.

The school was thoroughly cleaned; painting touched up, and floors reconditioned during the summer vacation.

A new roof was put on the school building during the summer.

### Cheney Hill School

A tarred circular drive has been completed; the school thoroughly cleaned; floors reconditioned, and painting touched up during the summer vacation.

### Center Rutland School

The new heating system installed in the winter of 1951-1952 is operating as expected. Many of the large windows have been permanently sealed and the others reconditioned so as to work easily. We are confident that this alteration will make the rooms more comfortable and will save considerable in the cost of heating them.

In addition to the window work, new treads were put on the stairway to the basement; two new lavatories and a drinking fountain installed in the girls' rest room; the school was thoroughly cleaned, and the floors were reconditioned during the summer vacation.

All of our schools are now equipped with modern, new fire extinguishers. All of our schools now have running hot and cold water.

Whereas all of the foregoing puts our buildings into much better condition, there are many things which should be done, and the estimated cost of them is included in our budget for the fiscal school year of 1953-54. They include the much needed alteration in the basement of the Dyer School so that it may be used daily by the children as a recreation and lunch room and on occasion, for meetings of the Town people who live in that area.

At Center Rutland School it will be necessary to replace the entrance steps. Regrading of the school yard will be necessary as soon as the new highway is completed. The toilets in the girls' rest room should be replaced. Fluorescent lighting should be installed for all rooms and the Board recommends doing two of them this next year.

We are short of desks in good repair in all schools, and we plan on purchasing a reasonable number this coming year.

During the year we have taken a house to house census of all children in Rutland Town who are either now in school or who will enter school in the next six years. The summary below gives the results of the census:

	1953	1954	1955	1956	1957	1958
Center Rutland	10	9	9	5	7	5
Cheney Hill	1	5	4	5	4	2
Dyer	2	1	5	3	0	2
Haiti	6	5	7	12	5	3
Mill Village	4	1	1	1	1	1
Post Road	2	4	3	4	1	3
	<hr/> 25	<hr/> 25	<hr/> 29	<hr/> 30	<hr/> 18	<hr/> 16

We have been successful in employing the services of a music teacher on a part time basis and we are confident that this is much appreciated by the children and their parents.

It was necessary to replace three of our eight regular elementary teachers. Special notice is made of the resignation of Miss J. May Davis, who chose to retire this year after 49 successful years of teaching, 39 of which were devoted to the Haiti School.

Very few of our eighth grade graduates have dropped out of school before completing advanced education in high school.

In addition to participation in a full elementary system of routine subjects, the children have taken part in special events which gave them training in public speaking, essay contests, dramatics, holiday observances, 4-H Club Work, scouting, school safety patrols, and occasional excursions.

The Public Health nurse has been working with the schools, this being the second year of such assistance through State reorganization. Information as to what may have been accomplished can be interpreted from a separate report contained in the annual Town Report.

School Lunch Programs have been helped by surplus foods available through application to the State school lunch division. This year we have secured quantities of packed meats, such as turkeys and pork shoulders; and canned goods, including tomatoes, peaches, peanut butter, peas, and honey; also dry beans. A complete type of lunch, such as is served children at the Center School during four winter months, make the school eligible for a reimbursement of nine cents per meal, plus whatever commodities may be received at no cost other than freight or storage. The Parent-Teachers' Association has cooperated in securing the necessary helpers to prepare and serve the lunches.

We have had many problems during the past year in reference to the transporting of our school children and we are happy to report that this problem has been resolved by entering into a 5-year contract with the Stowell Transportation Company whereby they agree to provide the necessary service with new equipment, and at the time this report is written the new service is working very satisfactorily.

Your Board realizes the importance of maintaining our school buildings in the best possible manner and to employ competent teachers with fair remuneration for their services. We are faced, as are all others, with the ever increasing costs of providing proper facilities and teachers for our elementary schools, as well as that of providing higher education for those who enter high schools at Town expense.

We appreciate the support given by the taxpayers in our endeavor, to the foregoing. To meet the budgetary demands for the ensuing school year requires a tax of \$2.10 on the Grand List.

We express our appreciation to the Parent-Teachers' Association—to the Teachers—to the Pupils, and to all others who have contributed in any way to the successful operation of our schools.

Respectfully submitted,

MYRON J. BEEBE, Chairman  
ALVA T. HOWE,  
ANNE K. HOUGHTON,  
School Directors

FRANK O. STILES,  
Superintendent.

The Town Tool Shed on the East Pittsford road was repaired. A new roof was put on and four cement piers were added to the foundation. The cost was \$614.81 for labor and materials.

The War Memorial at Center Rutland was completed and \$1,600 of the total cost of \$1,800 has already been paid.

The Carrara Bridge, let out on contract last year to Joseph Carrara, has been completed, but the final payment on the contract has not been made. The contract was for \$13,954.10; \$8,145.38 was paid in 1951 and the sum of \$1,769.45 has been paid in 1952; leaving a balance of \$3,939.23 yet to be settled. The State pays four-fifths of the total contract and the Town pays one-fifth.

Billings Bridge was burned last October. There was an insurance of \$1,500 on this structure. The tentative plans for a new bridge are being drawn up by the State Highway Department.

## REPORT OF ROAD COMMISSIONER FOR 1952

Retreatment work was done on the Dyer, Cold River, Billings, East Pittsford and Grove Street Roads.

Two coats of tar with pea stone was applied to Creed's Crossroad, Cheney Hill Cross Road and part of McKinley Avenue. A bad curve on Barrett Hill was straightened, Fish Crossroad, widened and graveled, and some ditching finished on the Quarterline Road.

#### RUTLAND TOWN WAR MEMORIAL

At the town meeting in March 1951 it was voted to erect a war memorial on the school grounds at Center Rutland to be dedicated in honor of the citizens of the Town of Rutland who served in the World Wars. The following committee was selected from the Parent Teachers Association, Rutland Town Teachers, Board of Selectmen and the Board of School Directors to carry out this project:

Mrs. Earl Birchard  
Mrs. Thomas P. Burke  
Mrs. Richard Thomas  
Miss Ann Reilly  
Leonard Johnson  
R. C. Buck  
Byron Hathaway  
William N. Sharp  
Mrs. Francis Houghton  
Myron Beebe  
A. T. Howe, *Chairman*

The design of the memorial as selected by the committee was a square marble pedestal or base for a flag pole. On three sides of the pedestal are now inscribed the names of all the men and women from the Town of Rutland who served in the World Wars. The work was completed last spring and the dedication service was held on May 30, 1952.

Those who were in attendance will well remember the unusual good weather of that day and will pleasantly recall the impressive dedication address by Governor Lee E. Emerson, who was introduced by Andrew L. Orzel.

The Rutland Town school children rendered very nicely several songs under the direction of their teachers.

We are indebted to Rev. Robert F. Joyce for giving the Invocation and to Rev. Olaf Johnson for pronouncing the Benediction. Boy Scouts Charles Baird and John Sobotka in true military fashion stood at attention during the exercises and then raised the flag on the monument at the time of its being unveiled. The sounding of taps was impressively done by buglers

Otis Hewitt and Joseph Solari. The firing squad was of volunteers from the American Legion of Rutland. Mr. Frank Sullivan, now living in Rutland City, presented to the town an American flag in honor of his only son Robert, formerly of Rutland Town, who died in service in World War II. This flag will be used only on Memorial Day, Armistice Day and other patriotic occasions in order that it may be preserved for years to come.

Appreciation for services rendered is extended to all those mentioned above as well as to all of the teachers, Superintendent of Schools Frank O. Stiles, to the committee and to all others who so generously helped in the arranging for the memorial and its dedication.

Whereas this memorial honors those who have served their country in the World Wars, it will also be a daily reminder to the living of the sacrifice which must be made to protect our country against all enemies. As our children daily raise and lower the flag on this monument it cannot help but instill in them love for their country and respect for the flag.

The citizens of Rutland Town are to be congratulated and commended for having purchased and erected the memorial and raising the necessary funds to cover its cost by voting a small tax on the Grand List for a period of three consecutive years.

There is additional landscaping and new walks to be provided as soon as the new highway in front of the Center Rutland School is completed.

A. T. HOWE,  
Chairman.

## VERMONT DEPARTMENT OF SOCIAL WELFARE MONTPELIER, VERMONT

This is our seventeenth annual report to the citizens of the Town of Rutland on State payments in your municipality of various types of assistance and welfare during 1952.

The total number of recipients in the State has remained stable for two years but expenditures are larger by reason of increases in payments to meet increased costs for food, fuel, rents and services. Funds for the support of these programs were derived from the Federal Government, 63.3 percent, State Government 34.8 percent and Town or City 1.9 percent. Total administrative expenses for the four types of Public Assistance were 4.1 percent.

Old Age Assistance	\$5,677.00
Aid to the Blind	.....
Aid to Dependent Children	1,692.00
Aid to the Disabled	93.00
Committed Children	357.16
Total	<hr/> \$7,819.16

W. ARTHUR SIMPSON,  
Commissioner.

## REPORT OF THE PUBLIC HEALTH NURSING PROGRAM

The Vermont Department of Health since July 1, 1951 has offered a program which affords an opportunity for all the towns in the State to have some Public Health Nursing Service. Prior to this date, certain towns did not share the benefits of this service. The offering of a state-wide Public Health Nursing Service has necessitated the need of making it a limited program due to the amounts of funds available for this purpose. This service has been financed entirely by State and Federal Tax funds. No town contributions are required.

Under the new program, it is necessary for local citizens and school personnel to take the initiative in the developing of their own community health programs with the advice and assistance of the Public Health Nurse.

In addition to assisting with the health program for infants, preschool and school children, the Public Health Nurse, under the supervision of the family physician, may give services to persons reported with tuberculosis and venereal disease, since the control of these diseases is delegated by law to the Health Department.

The report of Miss Barbara Cantwell and Miss Mary Schinoski, Public Health Nurses, for the period January 1, 1952 through December 31, 1952 shows the following services were given by them.

Medical conferences were the responsibility of Mr. Frank Stiles, Superintendent of Schools, the teachers, Mrs. Jarvis Russell, Mrs. Thomas Burke, and members of the Parent-Teachers' Association.

14 School health supervision visits  
78 Infant and preschool children were given physical inspections  
26 School children were given physical inspections

Immunizations given:

Smallpox:

26 vaccinations  
6 revaccinations

Diphtheria-Tetanus:

15 first doses  
31 completed series and booster doses

Diphtheria-Tetanus-Pertussis:

12 first doses  
9 second doses  
21 completed series and booster doses

Tetanus:

3 completed series and booster doses

Miss Schinoski is available also to assist with plans for Civilian Defense, but thus far has not been called upon to do so.

Respectfully submitted,

LOIS STEARNS,  
Public Health Nursing Supervisor.
